Engineered, manufactured, and erected one dry material storage tank.  
Diameter 29'  
Height: 75'  
Capacity: 55,700 cubic feet

## Overview

Tarsco Bolted Tank is a global leader that specializes in the engineering, manufacturing, and construction of customized bolted storage tank systems.

## Capabilities

We offer liquid and dry bolted tank solutions for the oil and gas, energy and power, water and wastewater, dry bulk, fire protection and fractional sand processing industries. We provide epoxy-coated carbon steel as well as stainless steel bolted flat panel tanks that offer outstanding performance, reliability, and ease of installation.

Our tanks are manufactured in the USA and meet NSF-61 and all the latest applicable design codes.
