

Atlas Tank

a TF Warren Company

**NTD Contractor for Welded
and Bolted Storage Tanks**

Above Ground Storage Tank Services for Welded and Bolted Tanks

Atlas Tank, a TF Warren Company, has exceptional experience in the storage systems industry. As a single source solution contractor, we provide the highest level of safety, quality, and on-time performance in every aspect of a project.

API 650, 653, and AWWA Standards

Atlas Tank offers tank construction, repair, and maintenance service to terminals and storage facilities. We are equipped with expert staff who utilize modernized programs, resources, shared services and equipment to ensure projects are completed with an emphasis on safe work practices, quality and schedule.

Serving the following industries:

- Terminals/Pipeline
- Petroleum Refining
- Electric Power
- Renewable Energy
- Alternative Fuels
- Water and Wastewater
- Metals and Minerals

We are a union contractor signatory to the NTD Boilermakers Agreement for both new construction and tank repair.
