

**Blastco**<sup>®</sup>  
a TF Warren Company

Field applicators of protective coatings and linings

## Recent Projects

### Airport Beacon Light Tower

### Coatings Under Insulation

### API Tank with Internal Floating Roof

### API Tank with External Floating Roof

### Automated Blast Equipment

## Overview

Blastco's history for high performance coatings began with field applications for above ground storage tanks. After years of quality service, we expanded into more complex structures and coating systems for petrochemical tanks and high temperature furnace units. We have also earned a positive reputation for rehabilitating dams, bridges, piping, silos, lift stations, water treatment plants and related facilities.

## Capabilities

- Shop and field applications
- Maintenance and repair
- Fireproofing
- Above ground storage tanks
- Vessels
- Piping
- Steel structures
- Dams and spillways
- Lead abatement
- SSPC QP1, QP2, and QS1 Certified
- Members AMPP and AWWA
