

**Blastco**<sup>®</sup>  
a TF Warren Company

Field applicators of protective coatings and linings

## Recent Projects

**Airport Beacon Light Tower**

**Six Million Gallon Ground Storage Tank**

**API Tank with Internal Floating Roof**

**Port of Houston Wharf and RTG Cranes**

**Three Million Gallon Water Tank**

## Overview

Blastco's history for high performance coatings began with field applications for above ground water storage tanks. After years of quality service, we expanded into more complex structures and coating systems for petrochemical tanks and high temperature furnace units. We have also earned a positive reputation for rehabilitating dams, bridges, piping, silos, lift stations, water treatment plants and related facilities.

## Capabilities

- Shop and field applications
- Maintenance and repair
- Fireproofing
- Above ground storage tanks
- Vessels
- Piping
- Steel structures
- Dams and spillways
- Lead abatement
- SSPC QP1, QP2, and QS1 Certified
- Members AMPP and AWWA
